Popular choices for garden poultry

THE DELL REAR VIEW

## The Midi Dell

### Features

- Manufactured in 3 sizes
- An ark shaped poultry house with an integral run
- There is shelter underneath the house to keep feeders dry.
- Removable carrying handles run throughout the house for mobility and double up as day time perches
- The side panel to the house lifts off and the perches are removable for easy cleaning
- There is a vent at the ridge of the house for air circulation
- The nest boxes are situated at the rear of the house with external collection
- There is a door into the run for access to the pop hole shutter and running board

### Construction details

- Tanalised 1 ¼" x 1 ¼" framing clad in ½" tongue and groove boards
- 19 gauge galvanised prime quality weld mesh
- All houses are fully treated in new formula creosote which deters red mite infestation.
